Salary: \$57,739 annual approximate, plus excellent medical insurance, retirement and related fringe benefits

Closing Date: Review of applications will begin immediately and will continue until November 30, 2012

Anticipated Start: January 2013

Hours: 35 hours per week, 2pm – 10pm, Monday-Friday

MINIMUM QUALIFICATIONS:

Master's degree in Manufacturing/Mechanical Engineering with a minimum of two years of experience in a related field leading to expertise in the subject areas; or a combination of education, training and experience which would lead to the competencies required for successful performance of the position's essential duties.

Applicants who do not meet the minimum qualifications as stated are encouraged to put in writing precisely how their background and experience have prepared them for the responsibilities of this position. They must also provide appropriate references. Exceptions to the degree requirements may be made for compelling reasons.

RESPONSIBILITIES:

Under the direction of the Advanced Manufacturing Technology Center Coordinator, the Business & Industry Instructor teaches courses at a Community College in such subject areas as applied computer use, mathematics, blueprint reading and set up and operation of complex machine tools. The Instructor provides both classroom lecture and "hands-on" shop instruction. In addition, the Instructor will be responsible for preparing course materials, syllabi and instruction outlines to fit the learning needs of assigned students and for being appropriately prepared for lectures and shop demonstration. The incumbent is required to maintain currency in the position's required fields of professional expertise and competencies. This position will require a strong collaboration with area manufactures and vendors to stay abreast of the latest technology, and industry needs. This position will also include overall responsibility for the evening cohort. Within applicable contractual provisions, teaching faculty and non-teaching professional staff are committed to the operation of the college five days a week, which may include evenings, Saturdays or Sundays.
